

Flatline

Suspect Statements Round 5

Joe Cooper

Monica came back to see me at 11:45. She started telling me about her mom's affair with Roy, but then Roy came in. We stopped talking but I think he heard some. I knew about it... I'm the one who put a stop to it. It was a few years ago and I told Roy to end it. I suppose he did but I don't know for sure. I don't think Florence was aware I knew. Anyway, Kathy came back in then so I didn't finish that conversation with Monica.

Florence Cooper

Ronald *finally* arrived at 10:45. Roy and Kathy came out of Joe's room but then Frank went in so we had to wait. I was hoping we could talk to Monica about the adoption stuff but she'd just gone into the vacant room with Adam. Frank came out of Joe's room at 11 and Ronald and I went in but Joe was asleep. It was only for a few minutes but we didn't stay too long, he was obviously exhausted. We left him at 11:15.

Ronald Cooper

Adam told me Monica was going to get a few hours sleep in the vacant room and I dropped in to see her around 12:15. She told me she'd be staying in town for a few days at least and we agreed to have dinner later. I only stayed a couple of minutes because she was tired. As I was leaving the room I got a work call so I took it and went outside the hospital to finish the call.

Betty Olsen

Adam took Monica into the vacant room next to Joe's to talk about letting Kevin and I go back on tour. That was 10:45. I listened at the door because... it's my life... but she said no. When Monica asked why he was siding with Kevin he got real angry and said the only reason she wanted Kevin to stay was because they were sleeping together. I'm sure that's not true but Adam has always been crazy jealous. I mean, I think that's why he comes on the road with us, to make sure no one looks at Monica. So when Adam gave up, I went in to talk to Monica myself. I said if Kevin and I left it would give Adam time to cool down. And then she could fly out and meet us in a couple of days when Joe was out of the hospital. But she was adamant it was a no.

Adam Bentley

I *did* talk to Monica about staying and letting Kevin and Betty go. We went into the vacant room at 10:45. She said no and told me that was playing right into Kevin's hands... that she had something on him and he wanted her out of the band. She said she'd explain later because there was a lot going on and right now and she wanted to just focus on Joe. As we were leaving Betty asked to talk to her so they went back in the room. And then after THAT, her mom and dad took her in the room. I think she spent more time in that vacant room than anywhere else in the hospital.

Helen Cooper

At 10:30, Oliver took me into the vacant room next door to Joe's. Apparently while we were visiting with Joe, Oliver could hear Monica and Kathy in the vacant room. He said he thought Monica had something on Kathy but he didn't hear what. Frank was in there too. Oliver was thrilled... he's never liked Kathy, always thought she was only after Joe for his money and nothing more. He could be right but I don't know what Frank has to do with anything.

Oliver Cooper

When we were leaving dad's room, Kathy and Frank were leaving the spare room. I didn't see Monica but she'd definitely been in there with them. I took Helen in there and told her what I'd heard through the door in dad's room. She thinks Frank uncovered something shady that Kathy was up to and told Monica. Or Monica walked in while Frank was confronting Kathy. The only thing I know for sure is that Kathy's a phoney... I just don't have proof.

Jessica Cooper

Kevin and Monica had an argument in the waiting area at 10:30. I was talking to Adam when it happened. I told him it looked like a lovers tiff to me and he was NOT happy. I don't think it was really, I was just messing with him. He's so jealous it's easy to get him all worked up. I had to do something to amuse myself... the hospital was boring but no one wanted to leave and be out of favor with grandpa.

Roy Patterson

At 10:30 I went to see Joe to tell him about some tests I'd ordered in a couple of hours. Oliver and Helen were just leaving his room and Kathy was on her way in. She looked quite upset about something. She knew Joe was going to be fine so it can't have been that.

Kathy Nichols

While I was with Joe I heard Monica and Oliver fighting in the room next door. I couldn't really hear what they were saying but it was clear that Oliver was very angry at Monica. That was just after 12:30.

Kevin Banks

Betty and I went into the cafeteria at 11:30 and Jessica joined us for a while. I thought Betty was Monica's friend but apparently that's not true, she's much more friendly with Jessica, who didn't get along with Monica at all. I guess you'd call Betty Monica's frenemy. I'm sure Monica had no clue, they seemed like best friends on tour.

Frank Dawson

Monica and Jessica never really got along. That was Jessica's fault mainly. I'm sure she felt displaced when Monica was adopted and constantly tried to get in Joe's good books at Monica's expense. Of course, Joe saw right through that. Anyway, I saw Monica and Jessica arguing in the waiting room around 11:30. Sounded like it was something to do with the business.
