

Flatline

Suspect Statements Round 6

Joe Cooper

Monica left my room at 12:15 and that's the last time I saw her alive. She told me she was going into the vacant room next door to get some sleep. After a couple of minutes I heard her talking, it sounded like Ronald was with her but I couldn't hear what they were saying. He didn't stay long. Then just after 12:30 Monica and Oliver were fighting in there. It sounded like Monica told him that if she ever *did* take over the business she'd fire his ass. Ha! Good for her. That's what Kathy said anyway... she had her ear to the door and could hear better than me.

Florence Cooper

As we came out of Joe's room, Monica and Betty were leaving the room next door. Ronald and I took Monica back in there and we talked briefly about her looking for her birth parents. She was very tired so it wasn't the right time to be talking about it and we went back to the waiting area at 11:30.

Ronald Cooper

The work call took much longer than I expected and I was outside for over an hour. I waved to Frank and Kathy on their way out. I think that was around 1:00pm but I didn't go back into the hospital until at least 30 minutes later.

Betty Olsen

Monica and I were leaving the spare room at 11:15 when her mom and dad grabbed her and took her back in there. Monica didn't seem too happy about it. At 11:30 Kevin and I went into the cafeteria to talk about it all. Jessica came in to say hi about 15 minutes later. She joked and said she'd pay us to take Monica back on tour with us. Jessica only stayed 5 minutes then went back to the waiting area. Kevin went to the bathroom and while I was sitting there by myself, Monica's mom came in followed by the doctor. They looked real friendly. I pointed them out to Kevin when he got back and he agreed it was weird.

Adam Bentley

I saw Jessica and Monica talking in the waiting area at 11:30 and then Monica went in to see Joe again at 11:45. Jessica left, maybe went to the cafeteria. She came back a little after 12 and sat in the corner doing something on her phone, then went to talk to her parents. I could hear most of it. Apparently, Monica told Jessica that Joe was leaving her everything and as soon as she could she'd fire Jessica. While that was happening I saw Monica leave Joe's room and go next door. Her dad followed not long after but he was in there with her less than 5 minutes. Then Oliver goes in there. I guessed he went in to confront Monica about what Jessica said. He stormed out about 12:45 so then I went in to see if she was ok. She confirmed Oliver had confronted her and she'd said she'd have him fired too. Of course she didn't mean it, she was just tired and worried about Joe. She decided to try and get a few hours sleep and I left her. That was just before 1pm.

Helen Cooper

I noticed Jessica talking to Monica at 11:30 but didn't think much of it... I mean, they could be civil if they had to. I think that's the last time I saw Monica alive. Then Jessica went to the cafeteria and when she came back she told me and Oliver that Monica was thinking of leaving the band and joining the business. Naturally we were surprised.

Oliver Cooper

Jess came back from the cafeteria and told her mom and I that Monica was coming into the business. I didn't think that was right so I went to find Monica to ask her. I saw Ronald coming out of the spare room and figured she must have been in there so I went in to ask her. She said she wasn't leaving the band and that Jess misunderstood. That's the last time I saw Monica alive.

Jessica Cooper

Adam told me Betty and Kevin went to the cafeteria so I went to say hi. That was 11:45 I think. They were talking about being stuck at the hospital. Betty was pissed, she just wanted to get on the road without Monica and take her shot. I can't say I blame her, but like I already said... leaving without Monica would've been bad for me. When I was leaving the cafeteria I saw the doctor and Monica's mom talking and they looked pretty cozy, so I guess there was something to the affair story after all.

Roy Patterson

The last time I saw Monica alive was in Joe's room just before noon.

Kathy Nichols

I stayed with Joe until he went for tests at 12:45, then I went to the waiting room. I told Joe I'd come back that night during visiting hours.

Kevin Banks

I think Jessica was right about the affair between Monica's mom and the doctor. We saw them in the cafeteria around noon and they looked cozy.

Frank Dawson

I hung around the hospital until Kathy had spent some time with Joe. Then we left just after 1. We saw Ronald on the way out. He was on the phone, as usual.
