

Flatline

Suspect Statements Round 7

Joe Cooper

Kathy left my room at 12:45 when I went to get some more tests done. I got back to my room around 1:30pm. Visiting hours were over until later so I went to sleep. I was woken by the sound of a woman screaming. I later found out that was Betty when they found Monica dead next door around 3pm.

Florence Cooper

I was angry at Monica for not telling me she was in town... if only I'd known the last time I'd see her alive was when she went in to see Joe at 11:45. I went to get a table in the hospital cafeteria for me and Ronald while he spoke with Oliver. But of course, he took a phone call and left me waiting in there for well over an hour. We left the hospital at 1:30pm. I went home and Ronald went back to the office. He called me somewhere around 3:30pm to tell me... tell me that Monica was dead.

Ronald Cooper

When I went back inside the hospital I found Florence in the cafeteria waiting for me. I could have sworn she was grabbing sandwiches for us to take away, but apparently not. She was mad. We left the hospital somewhere after 1:30pm.

Betty Olsen

Kevin and I basically stayed in the cafeteria all afternoon. Adam joined us just after 1:00 and said Monica was taking a nap in the vacant room. We had lunch and talked. Adam went to check on Monica around 2:00 and said she was asleep. Kevin was really starting to get restless and by 3:00 he was done and wanted to leave... he didn't care who was singing, he just wanted to get moving. So we went to wake Monica but she wouldn't wake up and that's when we realized she was dead.

Adam Bentley

When I left Monica to sleep I went to the cafeteria and had some lunch with Kevin and Betty. I went back to check on Monica at 2 and she was still asleep... at least I thought she was.

Kevin wanted to get going with or without Monica, so at 3pm we went to wake her up and that's when we found her.

Helen Cooper

We spent a lot of time in the waiting room that day, that's for sure. Thank goodness for books! We didn't actually see Joe again so it was a bit of a waste of time. Oliver, Jessica and I went to the cafeteria to grab some lunch and we left the hospital at 1:45.

Oliver Cooper

We went to the cafeteria for lunch around 1 and left the hospital at 1:45.

Jessica Cooper

Mom, dad and I were bored in the waiting room and decided to go grab some lunch in the cafeteria. That was about 1. Mom stopped at the bathroom on the way then met us in there. We left the hospital at 1:45. I think the last time I saw Monica alive was around 11:30. We had a short conversation in the waiting area.

Roy Patterson

One of the nurses had me paged after Monica was found. I examined her to confirm she was dead and then went to make sure Joe was ok while we waited for the police.

Kathy Nichols

Frank and I left the hospital at 1. There was no one in the waiting room when we left so I think they were all in the cafeteria. We *did* see Ronald outside on the phone as we were leaving.

Kevin Banks

I think everyone ended up in the cafeteria. Adam joined Betty and I just after 1. Jessica and her dad came in together just after that and her mom joined them 10 minutes later. Monica's mom was there already but the doctor had left. Not sure where Monica's dad was. Adam went to check on Monica at 2 and said she was asleep. By 3 I was tired of waiting so me, Adam and Betty went to wake Monica up but she was dead.

Frank Dawson

Oliver called me later that afternoon to tell me what had happened to Monica. I think the last time I saw her alive was in the waiting room when she'd argued with Jessica.
